Maria was also co-director at Gestalt Therapy Sydney. She has studied Family Constellation work with leaders locally and overseas. She has been Facilitating and teaching Constellations in Australia and Internationally for over 15 years.

ABOUT BORIS DOLENC

Boris will be assisting Maria, his mother, in this workshop. Boris has a Degree in Social Sciences and has been working with people, specialising in therapeutic crisis and trauma intervention for over 25 years. He has trained with Maria over the last four years and at the Sydney Intensive with leaders, local and international. Boris has an intuitive way of thinking systemically and brings a natural, grounded authentic approach to this work.

Despite our greatest efforts some of us find ourselves struggling to live fully or relate well within our families.

People can experience powerful forces that thwart them in their lives and feel entangled within the dynamics of their family.

Entanglements in family dynamics can result in relationship difficulties between:

- partners • parents and children • siblings

They can also contribute to:

- addictions • illnesses • negative repetitive patterns in our lives
